

## Car to Donate for Ukraine's Victory

The team is transferring cars for the needs of the Armed Forces of Ukraine and Ukrainian rescuers and doctors. Since the beginning of the full-scale war, the transfer of 18 vehicles from Spain, Italy, and Poland has been organized. One car from Ukraine and one from Germany were given to the team as gifts. These cars have already been transferred. In addition, the team helps organize the purchase, maintenance, and transfer of vehicles to other volunteer groups on a turnkey basis.

About 500 000 euros (around UAH 22 300 000) have been entrusted to us in one form or another. The founders of the organization post all the reports on their [Facebook page](#). There

you can find photos and a complete spending history with costs and receipts there.

We are grateful to All People Who Make Donations, the Team, our Partners, and everyone who spent at least a minute of their time or one hryvnia from their budget for a common cause. And we keep going!

If you have a car that you want to donate to save lives in Ukraine, we are ready to provide the whole process on a turnkey basis:

- paperwork;
- transfer;
- maintenance;
- report.

We guarantee that the car will be transferred as a form of humanitarian aid, and we will provide the donor with all subsequent documentation and reports. At the donor's request, we

can indicate their name on the car and social networks.

If you want to help, you can fill out the form at <https://cartodotate.com/>, and we'll contact you for further details.

You can also help the project by providing financial help:
